## I. Overview

### *1.1 Brief Introduction*

VideoFlick is a smart but powerful tool that helps you edit your video and images and share them with your family and friends in various formats.

---

#### **BlazeVideo, Inc.**

Tel: +86-755-26509948

Fax: +86-755-26503188

Website: [www.blazevideo.com.cn](http://www.blazevideo.com.cn)

Address: Rm202, Section A, Shennan Garden Bld, Hi-Tech Industrial Park, Nanshan, Shenzhen, China

P.C.: 518057

With VideoFlick, you can make snapshots from your videos, and create movies by adding your desired titles and credits.

With VideoFlick you can share your videos and images by creating greeting cards, uploading them to most popular websites, sending them as email attachments, or creating html album.

You can also convert your video files into other popular formats such as ASF, AVI, MP3, AAC, MP2, AC3 etc. You can also share them by making CD or DVD as you like.

VideoFlick supports all popular video formats such as \*.AVI, \*.WMV, \*.ASF, \*.MPG, \*.MPEG, \*.MPE, \*.M1V, \*.MPV2, \*.MP4, \*.DAT, \*.MOV, \*.VOB, \*.FLV etc. and photos including JPG, BMP, TIF, GIF, PNG, WMF, EMF, etc.

- **Free technical support:** Offer free technical support lifetime.

## ***1.3 System Requirements***

Support Windows 7/Vista/XP/2000/98

## **II. Appearance**

VideoFlick offers you a very user-friendly and simple interface as below:

### III. How to Use

No complicated setting, you can enjoy VideoFlick with very simple steps. Below we will show you how to use it step by step.

#### 3.1 Share Online

VideoFlick supports to upload your desired video or photo items to YouTube, Tudou, YouKU and Flickr to share them online with your friends or family. Here we take video items as a sample, let's do it step by step:

**Step 1.** Select your desired video or photo item you want to share online. You can select batch simultaneously

Step 2. Click , below box will pop up:

**Note:** You can also drag the video or photo items from main screen to add to share online or click  to remove them. In the right mini box, you can playback the desired video items or view the selected photo items before uploading, helping you make better choice.

**Step 3.** It requests you to create an account of YouTube, Tudou, YouKU or flickr before uploading. If you already have the account, select the exact web you would like to upload to, key in your user name and password, and click . The desired video or photo items will be uploaded fast. To give up uploading, just click .

**Note:** Your uploaded video or photo items may not be visible immediately on the web as it may take a few minutes for the web to transcode it.

### 3.2 Share by E-mail

VideoFlick supports to share your desired video or photo items by E-mail to your friends and family. Here we take video items as a sample, let's do it step by step:

**Step 1.** Select your desired video or photo item you want to share. You can select batch simultaneously.

Step 2. Click , below box will pop up:

**Your Name:** Enter your name here.

**Your Email:** Enter your email address here.

**Send To:** Enter the recipient's email address here.

**Subject:** Enter the subject here.

**Message:** Enter the message here.

---

**BlazeVideo, Inc.**

Tel: +86-755-26509948

Fax: +86-755-26503188

Website: [www.blazevideo.com.cn](http://www.blazevideo.com.cn)

Address: Rm202, Section A, Shennan Garden Bld, Hi-Tech Industrial Park, Nanshan, Shenzhen, China

P.C.: 518057

**Note:** You can also drag the video or photo items from main window to add to share by e-mail or click  to remove them. In the right mini box, you can playback the desired video items or view the selected photo items, helping you make better choice.

**Step 3.** Click , the selected video or photo items will be sent out fast. To give up, just click .

### 3.3 Share as Greeting Cards

VideoFlick supports to email your desired video or photo items as greeting cards to share with your friends and family.

Now take video items as a sample, let's do it step by step:

**Step 1.** Select your desired video or photo item you want to share. You can select batch simultaneously.

**Step 2.** Click , below box will pop up, 4 default frames available for your choice:

**Step 3.** Select your desired greeting card frame, and click , below box will pop up:

**Note:** You can also drag the video or photo items from main screen to add to share as greeting cards or click  to remove them. In the right mini box, you can playback the desired video items or view the selected photo items, helping you make better choice.

**Step 4.** Enter your information of **Your Name, Your Email, Send To, Subject and Message**, click . The desired video or photo items in greeting card format will be sent out fast. To give up, just click .

### 3.4 Merge

VideoFlick supports to create movies of your desired video or photo items by yourself. You can also add title, credits and share with Blaze.
